February Home School Project

Dear Parent/Guardian,

Next week is **eSafety Week** and Safer Internet Day will be celebrated on Tuesday 9th February. The theme this year is "**Play Your Part for a Safer Internet**". In school your child will be completing some age appropriate activities associated with eSafety and we will be promoting the safe, responsible and positive use of digital technology.

For our Home School Project this month we ask that you and your child:

1. Talk about how to use the internet safely e.g. don't talk to people online that you don't know, if someone says something unkind tell someone you trust, always think before you post a message online. You will find lots of resources and videos online. Here are some good websites:

www.saferinternet.org.uk

www.childnet.com

www.kidsmart.org.uk

2. Work with your child to design an eSafety poster. This can be about any aspect of eSafety e.g. 'Be Kind Online', 'Stranger Danger Online', 'Stop, Think, Post'. The winning poster from each class will be used to create an eSafety display in our new school. **Please bring your posters to school on Monday 7th March.**

3. P4 - P7 only. Log onto your 'My School' page from home (you can search for this through Google or find it on our school website). Click on 'My Links', C2K Media Library, Categories and then eSafety. Watch some of the videos on eSafety and write or type a short description about 'What I learnt from this'. This can be shared with your class, along with your poster, when you bring it in.

Overleaf is an eSafety leaflet with lots of good links for helping your child to keep safe online. We hope you find this information useful.

Yours Sincerely,
Miss Rocks and Mrs
Coordinators).

McParland (ICT
