Now it's time to break the ice!

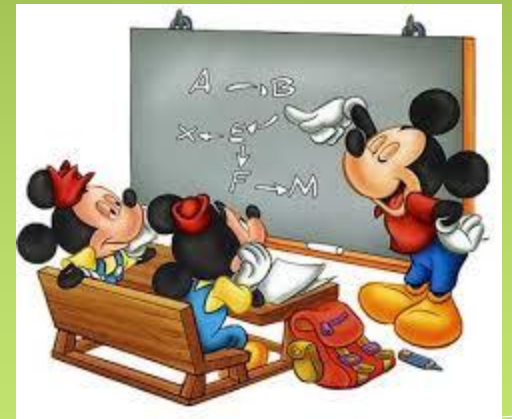

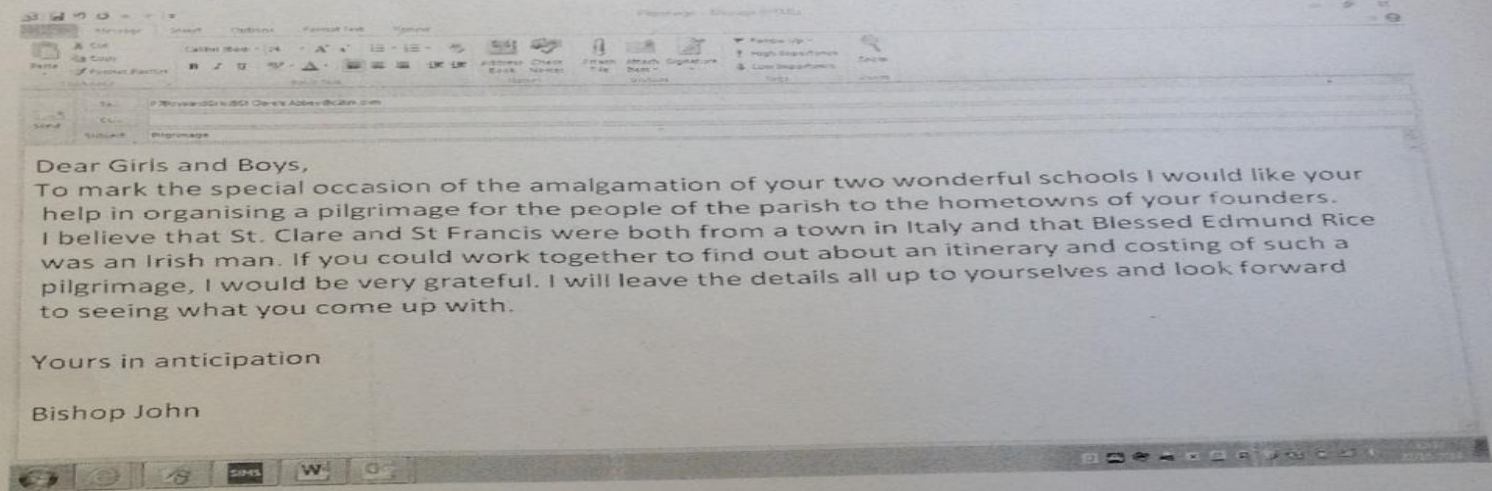

We loved our cool
numeracy activity!

Numeracy Task

Bishop McAreavey has made a special request to the boys and girls of St. Clare's Abbey Primary School. Below is a copy of the email that has been received.

In your groups

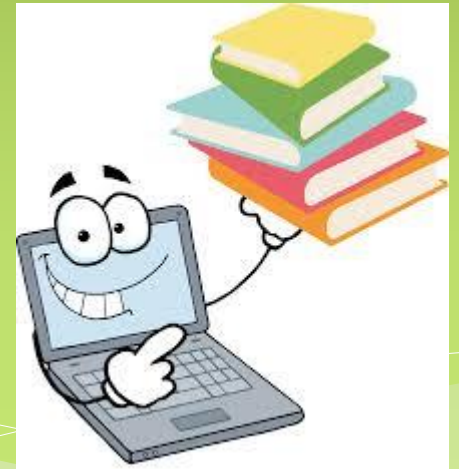

- Brainstorm ideas to carry out the task
- Look for the relevant travel and accommodation costs and information
- Produce a poster and/or flyer to advertise the pilgrimage

REMEMBER!!

Good group work ensures that every member of the group is using their skills and strengths

We used iPads and Laptops to
do research for our posters!
