

# GENTLE

# GENTLE

Being gentle is at the very heart of our school St. Clares Abbey. We operate systems in our school so that we can be gentle to all the small children. We have monitors to ensure that all the children are well behaved and nice to each other. We also have a buddy system to make sure everyone has a friend. Nobody is left alone.

# GENTLE

Being gentle can be a little hard sometimes because you could be playing a really fun game with your friends, but if it is a game that might not be so gentle you could easily hurt someone and it won't turn out as fun as it started.

# GENTLE

One of the statements in our school behaviour code is GENTLE. It is a very important thing to be gentle because there are a lot of little children in our school who could be easily hurt. If you are playing a ball game you have to be really careful in case it hits a little boy or girl.

# BE GENTLE

The background features a large orange triangle pointing towards the top right, and a blue triangle pointing towards the bottom left. These two triangles overlap in the center, creating a white triangular area where the text is located.
